# Message from Jane

Thank you so much for supporting PCF. Words simply cannot express our sincere gratitude, without **YOU** there would be no life changing programmes for the Filipino children and their families.

You are amazing, in this newsletter we wanted to show you the impact your donations have had in the community and to our beneficiaries!

In 2018....

**300 children** are going to school

Treating and providing medicines for over **3,360 patients** a year in the walk in clinic

**1,500 people** a month receiving dental care

Equipping new kitchen and providing daily lunches for **300 children** in the education programme

**10** school leavers are attending university and **10** school leavers are learning a trade in college

**15 mothers** trained to be community health workers

**57 mothers** training and earning a reliable income making upcycled products

**13 fathers** learning new skills in sandal making and upcycling

**New** livelihood and community kitchen in the relocation site in Bulacan.

I have just returned from Manila and there are many children and their families not being helped by our programmes who are in severe desperate need and have given up hope of a future worth living for.

I spend six months every year in the Philippines, working with, designing and implementing programmes with the community, I ask them "what else can we do, what is the best way we can help you?" and together we make plans.

**Without YOU there would be no life changing programmes for our children and their families.**

We have all the heart for the work, the community fully support it and most importantly we have you our amazing donors, can you help us to raise the funds to help more families?

Thank you so much for your continued support and generosity, none of this is possible without you.

Some examples of the tremendous difference your donation will make:

Jane x

**£5** a month over a year provides school supplies for 10 students.

**£10** a month over a year provides medicines for our walk in clinic.

**£20** a month over a year provides educational support for a group of 20 children.

**£22** donation provides a child with a new school uniform.

**£30** donation provides 5 hospital lab tests or a baby pack for a newborn.

**£75** donation provides a hot nutritious meal for 5 children for a month.

**£150** donation provides 5 emergency food parcels for a family for a week.

**£305** donation provides tuition fees for a teenager to learn a practical trade.

**£500** donation provides medicines for our walk in clinic for 4 months.

We need your help.....

Ben-Mar dropped out of school because his family could not afford to send him. He wanted to be a teacher but had to give up his dream, he is depressed and has no hope for his future. He spends his time in the neighbourhood where he is at risk from joining a gang, sex traffickers and paedophiles who frequent the area. We have a waiting list of children like Ben-Mar who desperately want to go to school.

Can you give 20 children the gift of education for just £20 a month?

Rather than helping a single child you will be helping many. The children have a greater chance of staying in school as any problems they encounter are shared and solved together in their group with their parent volunteers, coaches, tutors and friends. Your support will give the children hope and purpose in their lives and the security that they are part of an extended family that love, support and believe in them. The children are thriving working together as a team.

*Ben-Mar wanted to be a teacher but had to give up his dreams.*

We cannot do this without YOU, please help today by sponsoring a group of children into education and change their lives.

To sponsor a group please visit our website w: [p-c-f.org](http://p-c-f.org) or contact Hannah t: 01489 790219 or e: [info@p-c-f.org](mailto:info@p-c-f.org). Thank you.

# Christmas is a bleak time for our families.

You gave the gift of food to 1042 children and their families last year! Thank you so much, that was amazing!

Christmas is a time of increased hardship for our families as many parents are unemployed or casual labourers without work over the Christmas period.

The children's homes are not seasonally decorated, there are no Christmas gifts, families desperately want food for Christmas day and a few treats for their children. The greatest gift you can give is food for Christmas.

The amount of donations we receive determines the contents of the Christmas food parcels.

## Christmas Gift of Food

*"What I dream of for Christmas is simple, to have something on the table for Christmas day so I, my children and husband will have something special at Christmas. Before PCF my family would stare at our neighbour's eating. I closed our door so they will not see other children eating spaghetti and treats. It would really break my heart if this happened again which is why I am so grateful to PCF for making Christmas special for all of us".*

£30 will provide treats and food for Christmas for one family but every donation helps, please give what you can.

To donate please visit our website w: [p-c-f.org](http://p-c-f.org) or contact Hannah e: [01489 790219](mailto:01489790219), e: [info@p-c-f.org](mailto:info@p-c-f.org) or send a cheque made payable to PCF.

Thank you.

28th November is the deadline to ensure the food parcels can be delivered in time for Christmas

# Sell a Handbag to Help a Child!

Thank you so much for buying and selling our handcrafted products, the profit goes back into our programmes, helping the children and their families. By selling our products you are creating employment for the wonderful women in our livelihood programme.

Thank you for the ring pulls that you collect, they are shipped to the Philippines and upcycled into beautiful handcrafted bags, jewellery, clothes and household items.

You can view products on pages 6-7 and our full range on our online shop w: [p-c-f.org/shop](http://p-c-f.org/shop).

Our products can be sold anywhere, a get together in your home, your workplace, club, Church or fete. The more products sold the more families we can help. When you have had your sale, just send the box and money raised back to us to receive a thank you gift voucher to redeem in our online shop.

Selling our upcycled products is so easy. Download the form w: [p-c-f.org/resources-library](http://p-c-f.org/resources-library) or contact Hannah t: 01489 790219 or e: [info@p-c-f.org](mailto:info@p-c-f.org). We will send you your box of products, display stands, tablecloth, money belt and leaflets.

*Every item you sell or buy helps children and their families.*

Selling our products helps children like Angelica go to school

*"When my shop box arrived I felt like a kid at Christmas, I wanted to have a good look at everything! The kit is great, it's got so much helpful stuff in there, labels, stands, bags, leaflets – thank you!"*

# Community Livelihood Programme

Thank you so much for your donations for our Community Livelihood Programmes. Your donations have trained 40 adults in Tondo with a skill where they can earn a reliable sustainable income and provide for their family's needs and you have also provided equipment for them to learn those skills.

Families have been relocated by the government 20 miles away from Tondo to Bulacan, although we have been able to find some sponsors for the children so that they can attend school, their parents have absolutely no source of income and have asked for our help. With your donations we have rented a building where we are running a small livelihood programme, training mothers how to make clothing from recycled men's ties which you have collected for us.

We need donations to help more women and their husbands in Bulacan learn a skill so that they can support their families.

France with some of the ladies in the Bulacan Livelihood Programme

France said: "I first started working for PCF in 2004 teaching mothers how to make school uniforms and how to line the ring pull handbags. I am so happy at age 63 that Jane has asked to help develop a whole new line of clothing from recycled ties. I love teaching and training mothers to gain new knowledge, techniques and to earn an income. Some of the mothers are struggling to buy food for themselves and are eating whatever they can find."

"I am so grateful to everybody who supports PCF as I feel fulfilled and blessed to be able to help my fellow countrymen."

# Community Health Programme

Thank you so much for your donations which we have used for our community walk in clinic. We have also trained 15 mothers in basic healthcare who visit the community.

This is Clarissa, we first met her in 2006 when she was working on the rubbish dump to feed her young children. Her husband was bedridden and needed medicines and Clarissa was faced with the awful choice of feeding her children or buying medicines for her husband.

Sadly Clarissa is now widowed and has her own health problems, she has type 2 diabetes due to poor circulation. She developed gangrene in her toes which have been amputated. Your donations paid her hospital bills and purchased a wheelchair.

Your donations have saved lives, purchased much needed medicines and provided healthcare in our walk in clinic.

We are overwhelmed by the needs of the community as we are the only free clinic that deals with long term sickness. We are so lucky in the UK that we do not have to pay for x-rays, MRI's, consultations and operations; we desperately need donations as we have so many people waiting for help.

We desperately need donations for our medical fund. To donate please visit our website w: [p-c-f.org](http://p-c-f.org) or contact Hannah t: 01489 790219 or e: [info@p-c-f.org](mailto:info@p-c-f.org) or send a cheque made payable to PCF.

Thank you.
